

WORK FITNESS ASSESSMENT - FCA

Name a b c Job Applying For
Date of Birth 09/09/1975 Date of Assessment 19/12/2014

Consent

The work fitness assessment is a test of your capacity to undertake work postures and work activities. The assessment will take into consideration the functional capacity required to perform the job you are applying for. You will be expected to set your own limits and will not be asked to undertake any task that you feel you can not safely perform. The evaluator will cease the assessment if in their opinion they feel you are unsafe to proceed. Each task will be fully explained to you before testing.

Is there any reason that you could not perform the work fitness assessment today? ☐ Yes ☐ No

Signed  Date 19/12/2014

Estimated Physical Demands Classification of Job Applying For

Sedentary ☐ Light ☐ Medium ☐ Heavy ☐ Very Heavy ☐

Comments

Medical Screening

Heart Conditions ☐ No ☐ Yes

APPENDIX 1 - DEFINITIONS

Physical Demand Classifications

<p>Sedentary Work</p> <p>Lifting 10 lbs (4.5kg) maximum and occasionally lifting and/or carrying such articles as dockets, ledgers and small tools. Although a sedentary job is defined as one, which involves sitting, a certain amount of walking and standing is often necessary in carrying out duties. Jobs are sedentary if walking and standing are required only occasionally and other sedentary criteria are met. Pushing up to 2kg force and pulling up to 2kg force occasionally at waist level</p>
<p>Light Work</p> <p>Lifting 20lbs (9.1kg) maximum with frequent lifting and/or carrying of objects weighing up to 10lbs (4.5kg). Even though weight lifted may be only a negligible amount, a job is in this category when it requires walking or standing to a significant degree or when it involves sitting most of the time with a degree of pushing and pulling and/or leg controls. Pushing up to 5kg force and pulling up to 4kg force occasionally at waist level</p>
<p>Medium Work</p> <p>Lifting 50lbs (22.7kg) maximum occasionally with frequent lifting and/or carrying of objects weighing up to 25lbs (11.3kg). Pushing up to 12kg force and pulling up to 10kg force occasionally at waist level</p>
<p>Heavy Work</p> <p>Lifting 100lbs (45.5kg) maximum occasionally with frequent lifting and/or carrying of objects weighing up to 50lbs (22.7 kg) Pushing up to 24kg and pulling up to 20kg force occasionally at waist level</p>
<p>Very Heavy Work</p> <p>Lifting 100+ lbs (45.5+kg) maximum occasionally with frequent lifting and/or carrying of objects weighing up to 50+ lbs (22.7+kg). Pushing up to 34kg force and pulling up to 28kg force occasionally at waist level</p>
